Warnings and Cautions

- Product is intended for use in industrial or commercial environments.
- Before installation, please verify that the product matches its intended use, especially the pressure fittings and pressure range.
- Chesterton Connect™ Gauge uses a coin cell CR2050 battery. Follow local laws for proper treatment and disposal of this product and components.
- Disable the product if it is damaged or operates incorrectly.
- Make sure the product is used as specified and within its advertised operating limits.
- Do not drop the Chesterton Connect™ Gauge product. Dropping the product may affect its ability to function properly.
- Follow all nearby PPE and equipment safety requirements when installing, troubleshooting or removing the sensor and its components.
- Ensure the process fluid is compatible with the stainless-steel sensor pressure port.
- Sensitive diaphragm inside. Do not insert anything into the pressure port or attempt to clean using compressed air or liquids.
